Selection Of Construction Manager At Risk

Presented for:

Board action ☒ Report/Review Only ☐ Consent Agenda Item ☐

Background Information:

The Board selected the Construction Manager at Risk method of construction delivery for the renovations and additions at La Vega High School. The district advertised for proposals for the contract, reviewed the proposals that were received, and interviewed representatives from the firms which submitted proposals. Firms submitted written proposals which responded to the district's criteria, and they also submitted fee proposals based on the scope of work. Qualified proposals were received from two firms: Barsh Company and Mazanec Construction. Both firms are well qualified to do the work, both have an excellent reputation in the construction field, and both have done successful work for the district. With proposals that were virtually equal in other aspects, the proposed fees became the determining factor. The fee proposal submitted by Mazanec Construction was from 2.53% to 2.78% less than the fee submitted by Barsh Company. A tabulation comparing the fees is attached.

Fiscal Implication:

The cost of the Construction Manager at Risk will be a part of the overall construction cost.

Administrative Recommendation:

It is recommended that the Board select Mazanec Construction as the Construction Manager as Risk for the renovations and additions at La Vega High School.
