Consider Approval of Budget Management Resolution

Mr. Gary W. Williams

Background Information:

The budget management process requires that from time to time appropriations have to be adjusted from account to account as needs change during the fiscal year. The Board of Trustees has in the past authorized the Superintendent or the Assistant Superintendent to make these adjustments without submission to the Board of Trustees as long as the adjustments did not increase the overall level of appropriations.

Fiscal Implication:

None

Administrative Recommendation:

The Administration recommends that the Board of Trustees authorize the Superintendent or his designee to approve budget adjustments that do not change the overall level of appropriations.

Consider Approval Of Amended Budget For 2005-2006

Presented for:

Board action ☒ Report/Review Only ☐ Date: August 29, 2006

Contact Person:

Gary W. Williams

Background Information:

Texas School Districts are required by state accounting and audit guidelines to adopt an amended budget that ensures sufficient budgeted revenues and no over expenditure in any function category. This means that actual revenues must exceed the budget, and actual expenditures must be less than the budget in each category; e.g. total expenditures for Instruction must not exceed the budget for function 11. The attached Budget Change Requests satisfies the requirements.

Fiscal Implication:

Budgeted amounts in both revenue and expenditures have been set at conservative levels. The projected net effect on budgeted fund balance is to understate the actual ending fund balance, which will be determined during the annual audit.

Administrative Recommendation:

It is recommended that the Board of Trustess approve the final amended budget for 2005-2006.
