ATTACHMENTS: Student Enrollment Report & Recap

SUBJECT: Student Enrollment as of March 1, 2017

BACKGROUND:

Attached are the official enrollment figures as of March 1, 2017. Mrs. Batchelder will answer any questions.

STATUS:

In prior BOE enrollment reports, the enrollment report group all students into one category labeled "Outside Placement/Private Placement (SPED)". Beginning at the September 2016 BOE meeting, the Out Placement/Private Placement (SPED) line will be separated into two categories:

- One category will be labeled - *Out of District Placement-Special Education students*
- The second category will be labeled - *Private Placement Special Education students*

Out of District - Special Education: Those students who are placed at a Connecticut State Department of Education (CSDE) approved private special education program as recommended by a planning and placement team (PPT) as part of a student's individualized education program (IEP). Additionally, this category may include a family who moves into Windsor with a child who has a disability who has already been placed in a private special education program and/or children who are placed in Windsor foster home(s) by the Department of Children and Families (DCF) and are already enrolled in a private special education program.

Private Placement - Special Education: Those students who have been identified special education through the planning and placement team (PPT) process that have been parentally placed at a non-public school located in Windsor (i.e., St. Gabriel, Trinity Christian, Madina Academy, Praise Power & Prayer, etc.).

Subject: Cafeteria Operations – February 2017

Background: The Windsor School Food Service participates in the National School Lunch Program at each of our school facilities and at St. Gabriel's, CREC's Metropolitan Learning Center, CREC's Academy of Aerospace and Engineering and CREC's Museum Academy. We also participate in the National School Breakfast Program at our four elementary schools, Sage Park Middle School, Windsor High School and the three CREC schools. We operate the After School Snack Program for our Treehouse Program in Windsor as well as Museum Academy after care program. We operated our fifth year of the summer feeding program serving breakfast and lunch at CREC Metropolitan Learning Center. We operated a Summer Food Service Program of lunch and snack at Deerfield Apartment Complex, Goslee Pool, adding Wilson Library and the Performing Arts Academy in Windsor during summer break. We are complying with the Healthy Food Certification again this year to send a consistent message to our students in keeping with our wellness policies.

Our annual goal is to operate with a small reserve account to offset unanticipated needs and to increase participation from students and staff in all our programs.

A monthly financial report is presented to the Board of Education. This report includes sales and financial information for the current period.

PROJECT DETAIL

Project Title:	BOE- Network Infrastructure Upgrades
Department:	Board of Education
Description and Purpose:	
The increasing reliance on technology for everyday functions for teaching, learning, and daily operations has placed greater demands on our network infrastructure. This project will improve our network infrastructure by adding network access points to support additional wireless devices and upgrading fiber and hardware to support bandwidth needs. Facilities included in this project are: Clover Street Elementary School, John F. Kennedy Elementary School, L.P. Wilson Board Offices, Oliver Ellsworth Elementary School, Poquonock Elementary School, Sage Park Middle School, and Windsor High School. The Board of Education intends to utilize these funds to update the fiber backbones in each building allowing them to utilize the higher throughput capacity of the 10-gigabit switches that were recently installed and the higher bandwidth speeds offered by CEN, their internet provider. This fiber upgrade will allow the Board of Education to take advantage of the full capacity of the new switches. The reliance on the network increases more and more each year as Internet applications are added along with online testing, streaming video and audio, and more 1-to-1 devices as well. This upgrade will increase the speeds of all these important items.

PROJECT DETAIL

Project Title:	BOE - Kennedy School - HVAC System Upgrades
Department:	Board of Education
Description and Purpose:	

This project entails significant improvements to the HVAC system and equipment at John F. Kennedy Elementary School. The heating system equipment is old and inefficient; and the control system for the equipment is out-of-date and inefficient. The existing boilers at JFK Elementary are original to the building with an average age of 45 years old. They are coming to their useful life expectancy along with increased maintenance costs and unreliability. This project would replace both of the existing boilers with new energy efficient models. There is no cooling system in the school. It is proposed that a new system be installed to service the entire facility. Design funding was allocated in FY17 and it will be determined whether a central plant or centralized approach is more cost efficient.

PROJECT DETAIL

Project Title: BOE - Sage Park Middle School- Partial Roof Replacement											
Department: Board of Education											
Description and Purpose:											
This project would replace approximately 29,000 square feet of roofing that is beyond its useful life expectancy and is becoming more problematic with ongoing leaks. This area of roofing was originally installed in 1993 with a 15 year warranty. It was not addressed in 1999 when the remainder of the building was re-roofed. Presently it is a ballasted EPDM (Ethylene Propylene Diene Monomer) rubber membrane roof. As the rubber membrane ages, it begins to shrink as its physical properties deteriorate. As the membrane shrinks, it pulls away from its termination points resulting in tears, leading ultimately to leaks.

PROJECT DETAIL

Project Title: BOE - Sage Park Middle School - Alternative Energy and Efficiency Upgrades
Department: Board of Education
Description and Purpose:

A study of Sage Park Middle School's HVAC system and alternative energy and efficiency enhancements has been completed. In future CIP years, it is anticipated that recommendations from the study will be implemented. The 2nd floor gets excessively warm during May - September. Air conditioning the 2nd floor would greatly improve comfort levels. Due to the size and scope of work, anticipated design-construction would be done in multiple phases. Funding in FY18 is proposed for the design of HVAC improvements to the 2nd floor with funding in FY21 for the evaluation of alternative energy sources, potential funding opportunities, and design of the remaining recommended improvements. The propose construction phase at this time includes the replacement of existing rooftop heating and ventilation units as well as the installation of air conditioning on the 2nd floor of the school.

PROJECT DETAIL									
Project Title: BOE - Windsor High School - HVAC Unit Replacement									
Department: Board of Education									
Description and Purpose:									
The existing indoor pool HVAC unit was installed in 2001 during the school renovation project and is reaching its life expectancy. This unit is manufactured specifically to cool, heat, and dehumidify indoor pool buildings. Indoor pool air is a corrosive environment that contains high levels of humidity and chlorine. This unit's HVAC refrigeration equipment, when operating, generates heat. This unwanted heat is utilized as an energy savings by heating the pool's water. Units like these have a fifteen year life cycle and operate 24/7.

PROJECT DETAIL

Project Title:	BOE - Sage Park Middle School- Partial Roof Replacement
Department:	Board of Education
Description and Purpose:	

This project would replace approximately 29,000 square feet of roofing that is beyond its useful life expectancy and is becoming more problematic with ongoing leaks. This area of roofing was originally installed in 1993 with a 15 year warranty. It was not addressed in 1999 when the remainder of the building was re-roofed. Presently it is a ballasted EPDM (Ethylene Propylene Diene Monomer) rubber membrane roof. As the rubber membrane ages, it begins to shrink as its physical properties deteriorate. As the membrane shrinks, it pulls away from its termination points resulting in tears, leading ultimately to leaks.

Project Title: BOE - School Windows Replacement

Department: Board of Education

Description and Purpose:

The windows at many of the schools throughout the district are constructed of the old single pane glass, which are not energy efficient and are at the end of their life expectancy. Replacing these windows would not only reduce overall energy costs, but in some cases prevent water seepage that could ultimately contribute to indoor air quality issues. In FY17, the Board of Education replaced the windows at Poquonock School, partly funded by a money received in 2015 by the BOE under the General Improvements to Alliance Districts School Buildings Grant. The next two schools to be addressed would be Oliver Ellsworth School followed by Kennedy School.

PREPARED BY: Danielle Batchelder

PRESENTED BY: Danielle Batchelder

ATTACHMENTS: Student Enrollment Report & Recap

SUBJECT: Student Enrollment as of April 1, 2017

BACKGROUND:

Attached are the official enrollment figures as of April 1, 2017. Mrs. Batchelder will answer any questions.

STATUS:

In prior BOE enrollment reports, the enrollment report group all students into one category labeled "Outside Placement/Private Placement (SPED)". Beginning at the September 2016 BOE meeting, the Out Placement/Private Placement (SPED) line will be separated into two categories:

- One category will be labeled - *Out of District Placement-Special Education students*
- The second category will be labeled - *Private Placement Special Education students*

Out of District - Special Education: Those students who are placed at a Connecticut State Department of Education (CSDE) approved private special education program as recommended by a planning and placement team (PPT) as part of a student's individualized education program (IEP). Additionally, this category may include a family who moves into Windsor with a child who has a disability who has already been placed in a private special education program and/or children who are placed in Windsor foster home(s) by the Department of Children and Families (DCF) and are already enrolled in a private special education program.

Private Placement - Special Education: Those students who have been identified special education through the planning and placement team (PPT) process that have been parentally placed at a non-public school located in Windsor (i.e., St. Gabriel, Trinity Christian, Madina Academy, Praise Power & Prayer, etc.).

Background: The Windsor School Food Service participates in the National School Lunch Program at each of our school facilities and at St. Gabriel's, CREC's Metropolitan Learning Center, CREC's Academy of Aerospace and Engineering and CREC's Museum Academy. We also participate in the National School Breakfast Program at our four elementary schools, Sage Park Middle School, Windsor High School and the three CREC schools. We operate the After School Snack Program for our Treehouse Program in Windsor as well as Museum Academy after care program. We operated our fifth year of the summer feeding program serving breakfast and lunch at CREC Metropolitan Learning Center. We operated a Summer Food Service Program of lunch and snack at Deerfield Apartment Complex, Goslee Pool, adding Wilson Library and the Performing Arts Academy in Windsor during summer break. We are complying with the Healthy Food Certification again this year to send a consistent message to our students in keeping with our wellness policies.

Our annual goal is to operate with a small reserve account to offset unanticipated needs and to increase participation from students and staff in all our programs.

A monthly financial report is presented to the Board of Education. This report includes sales and financial information for the current period.

AGENDA ITEM**

For Consideration by the Board of Education at the Meeting of: April 18, 2017

Prepared By: Danielle Batchelder

Presented by: Danielle Batchelder

Attachments: State DOE Operational Memorandum No. 5-17

Subject: Healthy Food Certification (Section 10-215f of the CT General Statutes)
(Pending Approval of Governor's Budget)

BACKGROUND:

Public Act 06-63* *An Act Concerning Healthy Food and Beverages in Schools* became effective July 1, 2006. Compliance with Section 1, "Requirement for Beverages," is required. Section 3, "Optional Healthy Food Certification," is optional. The Windsor Public Schools chose to comply with Section. 3. Compliance with the Optional Healthy Food Certification enabled the District to receive an additional ten cents per student meal from the state. The BOE had to have adopted a Wellness Policy, which it has.

STATUS:

The Windsor Public Schools has successfully completed eleven years of the Healthy Food Certification. In order to receive the supplemental meal (10 cents) reimbursement for the 2017-2018 school year, the Board of Education is required to certify compliance with the Act.

RECOMMENDATION: That the Board of Education accepts the Healthy Food Certification program (Section 10-215f of the Connecticut General Statutes), as well as the following resolutions:

The Windsor Board of Education, pursuant to Connecticut General Statute 10-215f, certifies that all food items offered for sale to students in the school(s) under our jurisdiction, and not exempted from the nutrition standards published by the Connecticut State Department of Education on August 1, 2006, will meet said standards again for the 2017-2018 school year. Such certification shall include food offered for sale to students separately from reimbursable meals at all times and from all sources, including but not limited to, school stores, vending machines, school cafeterias, and any fundraising activities on school premises sponsored by the school or by non-school organizations and groups.

Pursuant to Connecticut General Statute 10-215f, that the Windsor Board of Education may exclude from certification food items that do not meet the Connecticut Nutrition Standards provided (1) such sale is in connection with an event occurring after the end of the regular school day or on the weekend; (2) the sale is at the location of the event; and (3) the food items are not sold from a vending machine or school store. An "event" is an occurrence that involves more than just a regularly scheduled practice, meeting, or extracurricular activity. STATE OF CONNECTICUT
DEPARTMENT OF EDUCATION

FROM: John Frassinelli, Chief 
Bureau of Health/Nutrition, Family Services and Adult Education

DATE: February 6, 2017

SUBJECT: Operational Memorandum No. 5-17
New Process to Submit 2017-18 Healthy Food Certification (HFC) Statement

This memo summarizes the requirements for submitting the annual HFC Statement to the Connecticut State Department of Education (CSDE) and contains important information regarding changes to the HFC Statement submission process for school year 2017-18. It also provides information on the Connecticut Nutrition Standards (CNS), HFC resources, and state beverage requirements.

Annual HFC Statement

Section 10-215f of the Connecticut General Statutes (C.G.S.) requires that each local board of education or governing authority for all Connecticut public school districts participating in the National School Lunch Program (NSLP) must take action annually to certify whether all food items sold to students will or will not meet the CNS. This includes all public schools, regional educational service centers, the Connecticut Technical High School System, charter schools, interdistrict magnet schools, and endowed academies.

For school year 2017-18, the HFC period is July 1, 2017, through June 30, 2018. **All public school districts participating in the NSLP must submit the *Healthy Food Certification Statement – Addendum to Agreement for Child Nutrition Programs (ED-099)* by July 1, 2017.** The vote by the board of education or governing authority on whether to participate in HFC must occur by July 1, 2017, or the district/school is ineligible for HFC participation during school year 2017-18.

***New HFC Application Process for 2017-18**

Effective with school year 2017-18, the annual HFC Statement will be part of the CSDE's Online Application and Claiming System for Child Nutrition Programs (CNP System). Districts will no longer submit hard copies of the annual HFC Statement to the CSDE.

The CSDE expects that the online HFC application module of the CNP System will be completed by early May 2017. In the meantime, districts **must follow the procedures below** to ensure timely submission of the 2017-18 HFC Statement by the deadline of July 1, 2017.

1. Schedule the HFC vote at a meeting of your board of education or governing authority that occurs **before June 30, 2017**. The two considerations for the vote by the board of

education/governing authority are whether to implement the healthy food option and whether to allow food exemptions.

- **Consideration 1 – Healthy Food Option:** Pursuant to Section 10-215f of the C.G.S., the board of education or governing authority certifies that all food items offered for sale to students in the schools under its jurisdiction, and not exempted from the Connecticut Nutrition Standards published by the Connecticut State Department of Education, will comply with the Connecticut Nutrition Standards during the period of July 1, 2017, through June 30, 2018. This certification shall include all food offered for sale to students separately from reimbursable meals at all times and from all sources, including but not limited to, school stores, vending machines, school cafeterias, and any fundraising activities on school premises sponsored by the school or by non-school organizations and groups.
 - **Consideration 2 – Exemption for Food Items:** The board of education or governing authority will allow the sale to students of food items that do not meet the Connecticut Nutrition Standards provided that the following conditions are met: 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend; 2) the sale is at the location of the event; and 3) the food items are not sold from a vending machine or school store. An “event” is an occurrence that involves more than just a regularly scheduled practice, meeting, or extracurricular activity. For example, soccer games, school plays, and interscholastic debates are events but soccer practices, play rehearsals, and debate team meetings are not. The “regular school day” is the period from midnight before to 30 minutes after the end of the official school day. “Location” means where the event is being held.
2. Conduct the HFC vote at the scheduled meeting of the board of education or governing authority. Maintain a copy of the meeting minutes indicating the results of the HFC vote for the two considerations outlined in step 1 above.
 3. When the CSDE notifies schools that the HFC application module is available, complete the online HFC application module and upload the meeting minutes indicating the results of the HFC vote. *Note: The CSDE will notify all school nutrition programs by e-mail when the HFC application module of the CNP System is operational.*

Interschool Agreements for HFC Schools

A public school or district (recipient site) that receives meals under contract from a HFC district (providing sponsor) can choose to certify for the healthy food option and follow the CNS. This must be indicated on the interschool agreement between the recipient site and the providing sponsor district. In order for the sponsoring district to receive HFC payments for any recipient sites, the interschool agreement must be submitted to the CSDE by July 1, 2017.

Schools must still submit hard copies of the interschool agreements to the CSDE. They are not submitted through the CNP Online System. The interschool agreements for school year 2017-18 are available on the CSDE’s Forms for School Nutrition Programs Web page.

Connecticut Nutrition Standards (CNS)

A summary of the CNS is available in the CSDE's handout, *Summary of Connecticut Nutrition Standards for Foods in Schools*. Additional information on the CNS is available on the CSDE's CNS Web page. The CSDE's HFC Web page provides numerous resources to assist districts with implementing HFC including:

- Fundraising with Food and Beverages;
- Guide to Competitive Foods in Schools;
- Questions and Answers on Connecticut Statutes for School Food and Beverages;

State Beverage Requirements

As a reminder, the beverage requirements of C.G.S. Section 10-221q apply to all public schools, regardless of whether the district certifies for the healthy food option under C.G.S. Section 10-215f. This includes all public school districts, interdistrict magnet schools, charter schools, endowed academies, and the Connecticut Technical High School System. Additional information on the beverage requirements is available on the CSDE's Beverage Requirements Web page.

4. Board Budget Reduction

Discussion:

Dr. Cooke presented this item for information only. At their February 22 meeting, the Board directed the Superintendent to reduce the proposed budget by \$150,000, with the stipulation that it does not impact student instruction. He reported that has been accomplished and with the Board presenting the budget to the Town Council tomorrow night he wanted to share that information at tonight's meeting.

Ms. Batchelder presented the four accounts as follows:

\$50,000 is being removed from the Chromebooks account, as a result in diesel savings from this year; instead of returning that amount to the town, it will be used to offset the purchase of Chromebooks for the 2017-2018 budget year.

The district recently received an agreement from the insurance consultant, who is willing to reduce their commission fee by \$35,000.

Fuel savings: the town has locked in rates for gas and diesel and we are able to reduce the original amount by \$32,000.

The district was able to come to an agreement with DATTCO. Based on the experiences of the beginning of the school year, DATTCO has agreed to reduce the amount of the contract cost by \$30,000 for 2017-2018.

These amounts total to \$150,000 per the Board of Education requirement of non-instructional items for the reduction. All of these items are one-time reductions, and will only be in place for the 2017-2018 budget.

Discussion ensued.

Ms. Santos stated this information will be shared with the Town Council the following night.

5. District Data Team

Discussion:

Assistant Superintendent for Instructional Service Santosha Oliver, STEM Director Noha Abdel-Hady, Arts and Humanities Director Bonnie Fineman and Director of Information, Technology and CATE Matt Dadona presented an update on the District Data Team's work. Discussion ensued.

Re: Personnel: Non-Renewal Procedures

In accordance with section 10-151 of the Connecticut General Statutes the Board of Education is to receive my recommendation for the non-renewal of identified teachers. The Board is expected to take action at the April 18, 2017 regular meeting.

There is one category for non-renewals this year:

1. Non-Renewal of Non-Tenured Teachers on Limited Employment

For open positions created by teachers on a one-year leave and for certified positions filled after August 25, the teachers who are hired to fill these positions are placed on a "Limited Employment" contract. Temporary and part-time assignments, (e.g., if we hire a .4 teacher at Sage Park in September), also fall under "limited employment." Limited employment means that the contract is time-bound; specifically, it ends at the end of the school year. Open positions are then re-posted, and anyone on a limited contract can apply for them. The conditions of the Limited Employment contract were clearly explained to those who are working under it, and teachers confirmed their understanding in writing at the time of employment. It should be noted that these non-renewals **are not a reflection of teaching competency**, but rather reflect that they were hired for a specific length of time, i.e., until June 30, 2017. There are teachers in this category to be non-renewed.

Legal Procedures for Board and Superintendent

1. The teacher is advised by the Superintendent and/or Assistant Superintendent for Human Resources that a recommendation will be made at the April 18, 2017 Board meeting that his/her contract be non-renewed.
2. The Superintendent makes a recommendation not to renew the contract.
3. The Board of Education accepts the recommendation and votes affirmatively.
4. Notice is forwarded by certified mail and/or hand delivered to the teacher no later than May 1, 2017.
